

- KNAV international Ltd **forms a joint venture** with Monish Gaurav Chatrath to **provide risk advisory services** across the globe.
- In sync with PM Modi's dream of "**Make in India**", the joint venture's focus will be to "**Service from India**", while catering to the risk management requirements of organisations within and outside India; and consequently, **create opportunities for several hundreds in India and globally**. The joint venture will also provide **a centre of excellence** for audit, tax and advisory organisations that do not have back office support in India.
- KNAV International Limited, **is a fast growing international association** of independently-owned accounting, auditing, tax advisory and consulting firms with offices in Canada, France, India, Netherlands, United Kingdom, USA, Singapore & Switzerland. Chatrath, who is a renowned expert in risk management and corporate governance, has **over 25 years of experience in India and overseas** - he will lead the joint venture and also join the board of governors of KNAV International Ltd, effective September 01, 2015.
