Aman is the managing partner at KNAV UK and his role includes helping shape the firms strategy to meet the ever-changing needs of our clients, nurture and develop our people and ensure that the firm continues to deliver the high service levels clients have come to expect, at the best value we can offer.

Professional Experience

He is a chartered accountant and audit practitioner, with 25 years of experience, advising international and entrepreneurial businesses. He has guided owner-managers through all stages of development; from start-up to growth, through crisis management and on to their ultimate sale, or passing down to the next generation.

He works closely with his clients to provide insight into their long-term goals and ambitions on a strategic level and offers tailored advice to support their personal and lifestyle aims, as well as their business development aspirations. Advising clients on the interaction between commercial needs and tax, he helps to maximise the generation of income and wealth, while minimising the impact of tax.

He has built up an extensive network of connections, both within and beyond the firm, enabling him to recommend trusted legal, insolvency and other professionals to support clients, as and when required.

KNAV UK provides international companies looking to establish and grow their businesses in the UK a seamless 'Touch Down' service, with a one-stop-shop approach.

In his spare time, Aman enjoys trekking, climbing and supporting Arsenal FC.
