Jason is the Associate Partner at KNAV Singapore. He has over 18 years of experience in the areas of valuation advisory, audit and assurance and other professional services. His client's portfolio includes SMEs, MNCs and listed companies from different industries.

He is based in the Singapore office with a focus on the Singapore market and other countries in Asia Pacific region.

Professional Experience

- Jason has extensive professional experience spanning a range of industries including technology, retail, construction, manufacturing, trading, telecommunications, fund management, shipping, petrochemical, real estate, investment holding, food and beverage, charities, etc.
- He has helped numerous clients in completing various type of valuation engagements successfully for the purpose of mergers and acquisitions, fund raising, purchase price allocation, fair value measurement for financial reporting and others.
- The clients served by him primarily have operations in Singapore, Malaysia, Australia, China, Asia Pacific and other countries.
- Other than the valuation advisory and assurance services, he is versatile in providing high quality professional services in the aspects of internal controls, financial planning and analysis, process improvements and other value-added services.
- Jason also conducts training on the finance related topics to external parties at the national accountancy body – ISCA in Singapore and has authored a series of informative articles which were published in the IS Chartered Accountant Journal.

Others

- Jason is a Chartered Valuer and Appraiser with IVAS and a registered Public Accountant with ACRA in Singapore. He was one of the approved mentors for the candidates under the Singapore Qualification Programme for Chartered Accountant of Singapore.
- He is also ASEAN Chartered Professional Accountant, Chartered Accountant of Singapore and a Certified Internal Auditor with IIA.
